

iPad Takes Flight 2012!

The wave continues! The iPad is becoming increasingly accepted in aviation circles as an invaluable pre-, in-, and post-flight tool. Come see what's new in the iPad EFB world. There are two opportunities to attend. The first seminar will begin at 9:00am and be followed by another session at 11:00 am.

Directions: From US 36 and US 287 (Wadsworth) go south to Interlocken Loop. Turn west to Airport Way and proceed south. Go past the stop sign and watch for the Independence Aviation building on the right.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
